

# Protecting the resources of the Maumee Valley since 1991

The Maumee River is the longest tributary in the entire Great Lakes system. The watershed encompasses over 6500 square miles (the size of Connecticut and Rhode Island combined) in Ohio, Indiana and Michigan. In Ohio, it is a designated State Scenic and Recreational River.

## **M**AUMEE VALLEY Heritage Corridor

The mission of the Maumee Valley Heritage Corridor (MVHC) is to advocate for and protect the historical, natural and cultural resources of the Maumee Valley watershed while promoting their use and appreciation by current and future residents and visitors.

Significant accomplishments include the initiation of the designation of Fallen Timbers as a National Park Service affiliated site. We also applied for and received designation of nearly 90 miles along the Maumee River as an Ohio Scenic Byway, and we continue to serve as the manager of that byway.

Our continued success and the future of the organization depends on your interest, participation, involvement and support. Membership benefits include:

**Individual, Family and Lifetime:** bimonthly newsletter; regular tours, lectures and programs; discounted or free admission to special events; Scenic Byway guide.

**Affiliated Non-Profit Organization:** promotion of your events on social media; annual newsletter highlight; inclusion in our online calendar of events.

**Business Sponsor:** ad space in our newsletter; social media promotions (related to our mission); acknowledgement at public events.
